Attached immediately below:

- 1. final CD (unchanged since 8/10);
- 2. final SOW (with updated schedule per 8/27 conf call and 9/2 email); and
- 3. final environmental covenant (draft) per 8/24 email.

At this point, I believe Govts still need from RRs the following:

- 1. final RAWP (revised per discussion last Weds)I
- 2. final RADs (revised per discussion last Weds); and
- 3. final PMPS (incorporating comments from 8/31 email plus subsequent discussions).

Any questions with any of this, please let me know.

Subject Wallace Yard and Spur Lines Site

Cliff,

I understand from reports I received of last week's technical meeting that we may be close to having final technical documents.

I do not recall whether we ever reached a final decision on the form of environmental covenant to be attached to the Consent Decree. I believe that was still in your hands. Please send me the version of that document you propose to attach to the final Consent Decree so that Bob and I can review it with Union Pacific. Please also send us the final versions of the Consent Decree and the Statement of Work.

Thanks.

Gail Wurtzler
